The YMCA, proudly supporting Regina and Moose Jaw as one of the longest serving local charities envisions a community connected and empowered to lead healthy and fulfilling lives.

As our communities emerge and recover from the societal changes and impacts of the pandemic, it became clear that the need for mental health programming and supports are urgently required by the children and youth we proudly serve.

The YMCA responded to these critical needs through intentional programming as well as ensuring access to our centres of community regardless of individual circumstance and financial ability.

A small sample of these programs include:

- 🎵 *Y Mind - supports youth and teens, who are experiencing symptoms of mild-to-moderate anxiety or similar feelings.*
- 🎵 *Assisted Membership - low or no cost memberships for disadvantaged youth and their families to create connection and belonging.*
- 🎵 *Mentorship Programming - individual and group youth mentorship supports to build leadership skills and personal development.*
- 🎵 *Integrated Youth Services - The YMCA in Moose Jaw has been chosen as one of four locations in Saskatchewan to serve local and surrounding area youth through Integrated Youth Services Saskatchewan (IYS) in leading a community Hub that will provide one stop access to YMCA and community partner programming beginning later this spring.*

Your attendance and support of this event will ensure that together we can continue to support youth in our community. To share the impact of these programs, please scan the QR code or click [HERE](#) to hear Shayce's story firsthand.
